DECnet/SNA Data Transfer Facility for MVS Systems Version 3.0

AV-KN65D-TQ

June 1991

Dear Customer:

Please take a few moments to read the following information about your DECnet/SNA Data Transfer Facility for MVS Systems V3.0 distribution kit.

This package contains the DECnet/SNA Data Transfer Facility for MVS Systems V3.0 software and documentation. Check the bill of materials to see that your distribution kit contains all of the items listed. If any of the items are missing or damaged, you should contact your Digital representative.

The DECnet/SNA Data Transfer Facility for MVS Systems software requires the Digital-resident DECnet/SNA VMS Data Transfer Facility Server software.

The DECnet/SNA Data Transfer Facility for MVS System software documentation set includes the following manuals:

- *DECnet/SNA Data Transfer Facility Installation (MVS)*
- *DECnet/SNA Data Transfer Facility Installation (VM)*
- *DECnet/SNA Data Transfer Facility Problem Solving and Messages*
- *DECnet/SNA Data Transfer Facility Use*

If you need to order additional documentation, contact your Digital sales representative or refer to the ordering information in the *Software Documentation Products Directory*.

The manual *DECnet/SNA Data Transfer Facility Installation (MVS)* explains how to unload the files on the tape.

You must read the program directory that is supplied on the installation tape before you begin the installation procedure. After you finish reading the program directory, follow the installation steps described in the *DECnet/SNA MVS Data Transfer Facility Installation (MVS)*.

If you have comments about this product's documentation, please complete and return the preaddressed, postpaid Reader's Comments form in the back of each manual.
