Read Before Installing or Using ALL-IN-1 MAIL for VMS DECwindows Version 1.0

AV-PCX7A-TE

ALL-IN-1 MAIL for VMS DECwindows is an electronic messaging application that conforms to the international messaging standards set by the CCITT X.400 recommendations. This means ALL-IN-1 MAIL allows you to communicate with other computer users, even when your computer systems are made by different manufacturers or are otherwise incompatible, and even when your computer systems are installed in different countries.

Please take time to read the following information about ALL-IN-1 MAIL for VMS DECwindows.

Installation Information

ALL-IN-1 MAIL Version 1.0 requires VMS Version 5.3.

Release Notes Information

The release notes for ALL-IN-1 MAIL Version 1.0 contain important installation-related instructions and a summary of technical changes, new features, differences, known problems, corrected errors, performance enhancements, documentation errors, restrictions, and incompatibilities.

The release notes for ALL-IN-1 MAIL for VMS DECwindows can be found in A1MAIL010.RELEASE_NOTES on SYS$HELP.

If you extract non-text bodyparts or bodyparts to be used as distribution lists, be sure NOT to include any header information or the recipient list in the extraction. Including such extraneous information may cause unpredictable results. To correctly extract such a bodypart, make sure the toggle buttons for Include Primary Header, Include Intermediate Header(s), and Include Recipient List are turned off.

Contents of This Kit

The ALL-IN-1 MAIL kit contains:

- **Indented Bill Report (BIL) and Bill of Materials (BOM)**

  Please read the BIL and BOM enclosed in this kit and check to see that all items listed are actually in your kit. If your kit is damaged or any items are missing, call your Digital representative.

©Digital Equipment Corporation. 1990. All rights reserved.

- **Documentation**

  Depending on your order, this kit may include copies of the following ALL-IN-1 MAIL documentation:

  - The ***ALL-IN-1 MAIL for VMS DECwindows User's Guide***
    This guide provides both basic and advanced user information for all users of ALL-IN-1 MAIL for VMS DECwindows.
  - **Software Product Description (SPD)**
    The SPD provides an overview of the ALL-IN-1 MAIL kit and its features.
  - **System Support Addendum (SSA)**
    The SSA describes the technical environment in which the product is supported.
  - **Software Performance Report (SPR)**
    The SPR is provided for you to report any problems with ALL-IN-1 MAIL, if you have purchased warranty services.
  - **Software Update Survey Card**
    This card is provided for you to provide valuable feedback to Digital on the quality of our installation. By completing this card after you install ALL-IN-1 MAIL, you help us understand our customers' needs and improve our products.

A Final Note

Digital prides itself on responding to customer needs. In order to continue serving you, we need your comments. Each manual contains preaddressed, postage-paid Reader's Comments forms at the back. If you find errors in a manual or want to make comments about it, please fill out one of these forms and send it to us.
