Read Before Installing or Using the CDA Converter Library Version 1.1 AV-PD7WA-TE

The CDA Converter Library Version 1.1 provides an extended set of supported formats to the file conversion and viewing capabilities provided as part of VMS Version 5.3, ULTRIX Version 3.1, and UWS Version 2.2. The supported formats are text, graphics, image, and table data.

Whether you are a new or a continuing CDA customer, please take time to read the following information about the CDA Converter Library Version 1.1.

Installation Information

The CDA Converter Library Version 1.1 requires one of the following:

- VMS Version 5.3 or higher and the DECwindows Compute Server
- ULTRIX Version 3.1 or higher
- UWS Version 2.2 or higher

Before you install the CDA Converter Library Version 1.1 on VMS, you must register the product using the Product Authorization Key (PAK) provided in the kit. See the *VMS License Management Utility Manual* for registration instructions.

Release Notes Information

The release notes for the CDA Converter Library Version 1.1 contain important installation-related instructions, known problems, documentation errors, restrictions, and incompatibilities.

You can read the release notes before installing the CDA Converter Library on VMS by invoking VMSINSTAL with the release notes option, N, and following the instructions that start the installation procedure. You can also read the release notes following the installation of the CDA Converter Library on VMS by typing or printing the following file.

```
SYS$HELP:CDACVTLIB011.RELEASE_NOTES
```

To read the release notes after the CDA Converter Library is installed on ULTRIX-32 (VAX) or ULTRIX-32 (RISC), display or print the following file.

```
/usr/doc/cdrbase_011.release_notes
```

Contents of This Kit

- **Indented Bill Report (BIL) and Bill of Materials (BOM)**

  Please read the BIL and BOM enclosed in this kit and check to see that all items listed are actually in your kit. If your kit is damaged or any items are missing, call your Digital representative.

- **Media**

  If you ordered media, you will find the media and the *CDA Converter Library Installation Guide* in this kit. Consult the *CDA Converter Library Installation Guide* for information about installing the CDA Converter Library on your system.

- **Documentation**

  Depending on your order, this kit may include copies of the following CDA Converter Library documentation:

  Guide to the CDA Converter Library
  Getting Started with the CDA Converter Library

  Note that the *CDA Converter Library Installation Guide* is included with the media.

- **Product Authorization Key (PAK)**

  The PAK contains information necessary to register the CDA Converter Library before you install it on a VMS system.

- **Software Product Description (SPD)**

  The SPD provides an overview of the CDA Converter Library kit and its features.

- **Software Performance Report (SPR)**

  Use this form to report any problems with the CDA Converter Library, provided you have purchased warranty services.

- **Software Installation Survey Card**

  By completing this card after you install the CDA Converter Library, you provide valuable feedback to Digital on installation quality. Your feedback helps us understand customer needs and improve our products.

A Final Note

Digital prides itself on responding to customer needs. In order to continue serving you, we need your comments. Each manual contains preaddressed, postage-paid Reader's Comments forms at the back. If you find errors in a manual or want to make comments about it, please fill out one of these forms and send it to us.
