digital™

AV-LW27D-TE

August 1991

Dear DECintact Customer:

We are pleased to provide you with DECintact V2.0. Please take a moment to look over the following information about this product.

DECintact V2.0 includes the following product enhancements:

- Support for DECdtm, Digital's implementation of the two-phase commit protocol.
- Support for VAX Rdb/VMS and VAX DBMS data management systems.
- Support for DECforms forms management system.
- Support for DECtrace.
- Support for LSE templates.
- Online error messages.
- Avertz sample application.
- Addition of three new manuals to the documentation set:

  DECintact Design Guide
  DECintact Getting Starting Manual
  DECintact Systems Commands Quick Reference Guide

- Reorganization and rewrite of all existing documentation.

Bill of Materials (BOM)

Please read the enclosed BOM. It is a list of all items included in this kit. Should this kit be damaged or incomplete, please call your Digital representative.

Release Notes Information

The release notes for DECintact V2.0 contain additional information that augments the original product information and indicates any changes and corrections made to this version.

You should read these release notes prior to completing the installation of the DECintact product. You will find the instructions for starting the installation in the Installation Guide.

To access the release notes follow Steps 1 through 6 in Chapter 2 of the Installation Guide. Step 6 will provide options for printing hardcopy or viewing the release notes online. At this point, stop and read the release notes before continuing with the installation.

Note that you must have VMS V5.4 or later to run DECintact V2.0.

A Final Note

DIGITAL prides itself on responding to customer needs. In order to continue serving you, our customers, we need your comments. Each of the manuals you receive contains a pre-addressed, Reader's Comments form at the back. If you wish to make comments about the documentation, please fill out the form and send it to us.

Yours truly,

Jerry Hershey
Product Manager
