DECdecision/Svenska Version 1.1 Read This First

This package contains the DECdecision™/Svenska Version 1.1 software, installation instructions, and user documentation.

Contents of This Kit

This package contains the following:

- Bill of Materials

  Please read the Bill of Materials enclosed in the transparent plastic envelope. Check to see that all items listed there are in your kit. If any items are missing, contact your Digital representative.

- Media

  If you ordered media, you will find the media and the *DECdecision Installation and System Management Guide* in this kit. This guide contains complete instructions for installing DECdecision/Svenska Version 1.1 on a system running VMS Version 5.3-1 or higher.

- Documentation

  If you ordered a full kit or a documentation-only kit, you will find a DECdecision documentation set, which includes the following manuals:

  DECdecision Översikt
  DECdecision Access Användarhandbok
  DECdecision Calc Användarhandbok
  DECchart Användarhandbok
  DECdecision Builder Användarhandbok
  DECdecision Calc Macro Guide
  Converters Reference Guide

- Software Product Description (SPD)

  The SPD provides an overview of DECdecision and its features.

- Software Performance Report (SPR)

  Use this form to report any problems with DECdecision (provided you have purchased warranty services).
