Before You Install VAX FMS

This package contains the VAX FMS software, installation instructions, and user documentation. (The VAX FMS software is also referred to simply as FMS.)

Follow these steps to install VAX FMS on your VMS operating system:

1. Read the Bill of Materials enclosed in the transparent plastic envelope. Check to see that all items listed there are in your kit. If any items are missing, contact your DIGITAL representative.
2. Make sure that you have Version 5.0 or later of VMS installed on your system.

Whether you are a new or a continuing VAX FMS user, please take some time to read the following information about your product.

New VAX FMS customers should receive the following:

- The media required for Version 2.4 of VAX FMS
- User documentation
- Supplemental materials and any additionally ordered items

Continuing VAX FMS customers should receive the following:

- The media required for Version 2.4 of VAX FMS
- User documentation
- Supplemental materials and any additionally ordered items

Contents of This Kit

- **Indented Bill Report (BIL) and Bill of Materials (BOM)**

  Please read the BIL and BOM enclosed in this kit, and check to see that all items listed are actually in your kit. If your kit is damaged, or if you find that parts of it are missing, call your DIGITAL representative.

- **Media**

  If you have ordered media, you will find the media and the *VAX FMS Installation Guide* in this kit. This guide supplies the information you need to install VAX FMS on a VMS system.

- **Documentation**

  If you are a new VAX FMS customer, you will find the following documentation with your order:

  - *VAX FMS Installation Guide*
  - *Introduction to VAX-11 FMS*
  - *VAX FMS Utilities and Reference Manual*
  - *VAX FMS Form Driver Reference Manual*
  - *VAX-11 FMS Language Interface Manual*

(continued on other side)

- *Using VAX FMS on IBM 3270-Compatible Terminals*

If you are a continuing VAX FMS customer, you might have ordered one or more of these manuals.

Each manual has two Reader's Comments forms at the back so that you can provide us with valuable comments on the quality of our documentation and so that you can report any errors that you may find.

- **Software Product Description (SPD)**

  Your SPD provides an overview of the VAX FMS kit and its features.

- **Software Performance Report (SPR)**

  Use this form to report any problems with VAX FMS (provided you have purchased warranty services).
