Disk Space Requirements (Disk Cluster Size = 1):

Disk space required for installation:	1,250 blocks (.6 Mbytes)
Disk space required for use (permanent):	1,020 blocks (.5 Mbytes)

These counts refer to the disk space required on the system disk. The sizes are approximate; actual sizes may vary depending on the user's system environment, configuration, and software options.

For optional software (DECnet-VAX), the system must, in addition, meet the corresponding requirements. Consult the DECnet-VAX Software Product Description (SPD 25.03.xx) for a complete description.
